Forecast For Wales
Issued by Met Office Exeter
at 0400 on Tuesday 14 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain clearing and turning brighter, with sunny spells.

Today:
A largely cloudy start with outbreaks of rain clearing the north through the morning. Into midday, sunny spells developing widely from the south with perhaps an isolated shower in the north. Feeling pleasantly warm in the sun. Maximum temperature 21 deg C (70 deg F).

Tonight:
Some sunny spells continuing into the evening and remaining largely dry. Clear spells and light winds overnight, but perhaps cloudier towards the east. Chance of some fog patches. Minimum temperature 9 deg C (48 deg F).

Wednesday:
Morning cloud lifting, giving way to sunny spells into midday. Spells of sunshine continuing through the afternoon with the chance of the odd shower. Feeling mild. Maximum temperature 21 deg C (70 deg F).

Outlook for Thursday to Saturday:
Sunny spells and a few isolated showers on Thursday. Cloudier on Friday with outbreaks of rain. Variable cloud amounts on Saturday with a few showers. Remaining mild.
